Pembrokeshire Climbing Club – Privacy Policy

Pembrokeshire Climbing Club takes your privacy seriously and we only use your personal information to administer your membership.

What data we collect

Pembrokeshire Climbing Club collects the following information about each member:

Name; address; phone; email; date of birth; names and contact details of two emergency contacts; answers to questions about basic climbing competencies (ability to put on harness, tie into a rope, use a belay device); your agreement (or not) to be added to the Club's WhatsApp group, to be photographed, and to the BMC participation statement; details of any allergies and your GP surgery.

Where data is stored

Membership data is password protected and stored securely in the Google Cloud (via a Gmail account). Current committee members have access to this account.

Financial data, including details of any payments you make to The Club, or The Club makes to you is stored in the club's Mega drive (https://mega.nz/), a secure, password-protected cloud storage facility. We retain bank statements for 7 years as required by law.

Your email address is used for club officers to send occasional communications. It is also passed to a reputable third party mail platform (e.g. MailChimp or similar) which we use to email club newsletters and announcements. You may opt out of these communications if you wish.

When you join or renew your membership, your phone number is added to the WhatsApp group chat set up for the current membership year, if you have consented to that.

Sharing your data with the BMC and Pembrokeshire Leisure Centre

As a BMC-affiliated club, we provide your name, contact details and date of birth to the BMC (British Mountaineering Council), to administer your affiliated membership of the BMC including your BMC Card, club combined liability insurance cover, and access to its membership services and benefits.

The BMC will use your data to communicate with you about your membership. The BMC will contact you to invite you to create a 'Member Profile' which, amongst other things, allows you to set and amend your privacy settings. More information about how the BMC uses data can be found on their website here: www.thebmc.co.uk/privacy

Your name and Date of Birth is passed to Haverfordwest leisure centre if you ask to use the wall. DoB is needed as the wall cost is dependent on age.

We will not share your data with any other parties outside Pembrokeshire Climbing Club apart from the BMC and Pembrokeshire Leisure Centre.

Your access to your data

You can ask the membership secretary to provide a copy of the data we have stored about you, and you can ask to have any changes made as necessary.

How long do we keep your data

We retain your data while you remain a member of the club.
If you leave Pembrokeshire Climbing Club for any reason, your data is archived in our Google Cloud account, or you can ask for it to be deleted.

And finally…

We hope this helps you to understand how we manage your personal details and that it gives you confidence that data is collected and processed in a sensible and secure manner.

If you require any further information about the way we deal with your details, please contact the club via pembrokeshireclimbingclub@gmail.com
